First Day Absence Call System

For the protection of all of our children we have a first day call system for absences.

If a child fails to turn up for school and we haven't received a letter or phone call from the parent/carer advising us of the reason for the absence, we will text or telephone the parents to check on the where-abouts of the child.

This system will help prevent a situation where the parents think a child is at school, and the school thinks the child is at home.

To enable the system to work, please contact the school either by telephone or in writing if your child is going to be absent from school. If your child is going to be absent for a number of days, please let us know at the time of initial contact, this will save you contacting us each day of the absence.

If we are unable to make contact with parents/carers we will contact the Educational Welfare Officer to ensure the safety of the child.

We do have an answer machine for you to leave a brief message:

01543 227175 or alternatively you can email the office
