Be Kind, Be Safe, Believe - Achieve

Key Dates

- W/B Monday March 7th – Parents Consultations (online) Foundation Stage & KS1
- W/B Monday March 14th – Parents Consultations (online) KS2
- W/B Monday 15th February – Half Term – no remote learning this week
- Monday 22nd February – Spring Term 2

Remote Learning Updates

As we move into WK3 of our Remote Learning support for pupils, I wanted to update you on some developments and share some key details with you.

Your Class Teacher will email to you each **Friday**, document 1 & 2 (see below). This is to inform you of your child's learning for the following week.

Document 1 – Is an overview for the week and identifies the curriculum provision which is provided each day. The times indicate how much time has been allocated for each task. It is not a timetable, as we appreciate that many parents will also be working from home and need some flexibility. The yellow highlights indicate where and how feedback will be provided to pupils. Many teachers are providing more feedback and assessments than what is highlighted.

Document 2 – This is a more detailed plan that includes information on what resources are available for each task and the learning focus or intention for each activity.

Document 3 – A Teacher Planner – Is available on your child's class 'Remote Learning' page on our school website. This is a more detailed guide for the teacher and the Senior Leadership Team so we can monitor the range and quality of the lessons as we continue to refine and improve our personalised approach. They are visible for parents for additional support if needed, but documents 1 & 2 are more concise.

1. A Weekly Learning Intention Overview

	Monday	Tuesday	Wednesday	Thursday	Friday
GPS lesson 20 minutes	90	90	90	Overwrite	Overwrite
Writing session 40 minutes	Using pre-writing strategies	Identifying subordinating conjunctions	Identifying subordinating conjunctions	Type of conjunctions	Conjunctions Quiz

Live Learning

Currently UWMAT and myself are not providing Live, streamed lessons. We are providing pre-recorded videos from the class teacher for Maths, English & One additional subject each day. These may not be for the whole lesson but should provide some personalised input for each of the three tasks.

Live, streamed lessons have many unresolved issues around safeguarding for both pupils and staff, so currently we will continue with pre-recorded, personalised learning.

Wow! You have been busy.

I loved seeing all the wonderful things you have been doing at home. Healthy eating, counting and adding money, Fabulous dolphin paintings & instructions on how to make a delicious smoothie !! I'm going to give it a go at home myself.

Well done, please keep them coming. They really lift my spirits and keeps me smiling whilst you're all away.

Fantastic Achievement

Covid – 19 hasn't dampened Frankie & Bella's determined spirits. The sisters are busy running their way towards completing a Marathon to raise funds for Prostate Cancer UK. They have already collected £147 through their just giving page. Frankie inspired her sister by completing her first Marathon and now both are nearing then end of this one! Brilliant.

A HUGE congratulations and well done from all your friends at Pye Green & Keep up the great work.

Many thanks for your continued support.

Ms. Ingram
